OBTAINING A NAVY JAG CORPS INTERVIEW

After submitting your completed application (all documentation except letters of recommendation) to the Navy JAG Corps Accessions Office via the application website, you need to schedule an interview. This interview must be completed before the application deadline. Each applicant will be given only one interview, regardless of how many times an application is submitted.

To schedule an appointment for an interview, all applicants must send an e-mail to the account listed below for the location where they are seeking to schedule an interview. Each applicant will be notified via e-mail of the date, time, and location for their interview.

Please e-mail your request for an interview well in advance of the scheduled interview dates. Due to the large number of applications we receive, we cannot guarantee that requests for interviews made near the interview dates, or the application deadline, will be accommodated.
