~~FOR OFFICIAL USE ONLY~~

NDW/JBAB	1221/9162013	Facebook/Twitter	JBAB establishment of EFAC: Immediately after receiving a report of an active shooter at the Washington Navy Yard (WNY), Joint Base Anacostia-Bolling (JBAB), instituted additional security measures, including temporarily securing the installation. Located across the river from WNY, JBAB, like all military bases, has a robust active shooter plan of action, which is exercised often to ensure security and other emergency personnel remained well trained. Until the situation at the Navy Yard is secured, JBAB remains temporarily secured, with its entrance gates closed and personnel on the base sheltering in place, according to the JBAB Commander, Navy Capt. Anthony T. Calandra.

NDW	9192013	Facebook/Twitter	<p>Message from VADM Bill French: A Message from the Commander, Navy Installations Commander Vice Adm. Bill French:</p> <p>Team CNIC,</p> <p>I join with you in grieving for our Navy Yard colleagues and Navy family who were senselessly gunned down on Monday. But as we grieve, we also stand strong, knowing that our inner strength and the ideals for which we work and train and fight are infinitely stronger than gun-wielding individuals.</p> <p>I saw your strength as you responded to this crisis with calm, coordinated dedication, putting others before self and making the right decisions about what to do all day. Whether at the Battle Watch, coordinating response in the Headquarters building, or opening our office "home" to members of the NAVSEA team, you were at your finest, and I'm proud to call each of you colleagues and say, when asked, that I work with the men and women of CNIC.</p>

NSAW	1507/9/16/2013	email	<p>NSA Washington Tenant Senior Leadership, NSF Arlington, United States Naval Observatory, Suitland, Naval Research Laboratory, Carderock On behalf of Captain Ulmer, NSAW Commanding Officer. NSAW Commanding Officer has ordered Force Protection BRAVO to be immediately set for: NSF Arlington, United States Naval Observatory, Suitland, Naval Research Laboratory, and Carderock. Once onsite NSAW Security Forces set Force Protection BRAVO, Commands may release their staff. As of now, it is projected that Tuesday, 17 September will be a normal work day for these facilities. The Washington Navy Yard (WNY) environment is still uncertain and remains at Force Protection Delta and locked down, no one in - no one out for the immediate future. Once the process is determined, all personnel located on the WNY will be vetted by federal law enforcement prior to being allowed to depart the WNY. Many questions remain and guidance</p>		
NSAW	1622/9/16/2013	email	<p>Shelter in place is still in effect. When the shelter in place is lifted it will be done building by building and conducted by NSA Washington police. Personnel will be guided to building 211 for debriefing and follow on transportation.</p>		
NSAW	1650/9/16/2013	email	<p>Here is the latest update from Naval Support Activity Washington Emergency Operational Center (EOC): Shelter in place is still in effect.
