The attached Director, Defense Procurement and Acquisition Policy memorandum of May 16, 2013 is forwarded for your information and action, as appropriate. It authorizes a class deviation to remove the statutory dollar limitations for set-asides under the women-owned small business program. Contracting officers shall comply with all other requirements at FAR 19.1505. The deviation remains in effect until incorporated into the FAR.

SUBJECT: Class Deviation—Removal of Dollar Limitations for Set-asides Under the Women-Owned Small Business Program

Effective immediately, the dollar limitations at FAR 19.1505(b)(2) and (c)(2) are no longer applicable to DoD solicitations and contracts. Contracting officers shall comply with all other requirements at FAR 19.1505.

The Small Business Administration (SBA) has revised 13 CFR 127, Women-Owned Small Business (WOSB) Federal Contract Program (SBA interim final rule, 78 FR 26504, May 7, 2013). This revision implements section 1697 of the National Defense Authorization Act for Fiscal Year 2013, which removed the statutory dollar limitation for set-asides to economically disadvantaged women-owned small business (EDWOSB) concerns and WOSB concerns eligible under the WOSB Program.

This class deviation remains in effect until it is incorporated into the FAR. My point of contact is Lee Renna, who may be reached at 571-372-6095 or marylee.renna@osd.mil.
