
Robin A. Tomlin

Director

Office of the Chief Management Officer

Robin A. Tomlin is a Government Executive and a 30-year veteran of the government consulting industry. She recently returned to government service. Prior to that, she established a WOSB consulting firm, Artlin Consulting, LLC, in May 2011. She served for ten years as a senior executive at two of the world's leading management consulting firms, IBM and Price Waterhouse Coopers. Her expertise in client relationship development, sales generation, account management and project delivery was recognized in 2009 when she was named one of eight Top Women Leaders by *Consulting Magazine*.

Ms. Tomlin has an esteem career of government and commercial experience in information management technology, IT requirements analysis, project management and consulting. She has experience in business and strategic planning, operations development, and marketing management. She has led multidisciplinary project teams and implemented complex enterprise information systems. She recently returned to public service, leveraging her commercial experience to assist with business reform initiatives at the Department of Navy.

Prior to returning to the Department of Navy, Ms. Tomlin founded Artlin Consulting and within 7 years had successfully grew and matured the company for acquisition. She was a Vice President and Partner with IBM Global Business Services where she led the Supply Chain Management Services (SCM) practice for the public sector. The SCM public sector practice included over 700 Supply Chain Management (SCM) and logistics professionals. Ms. Tomlin was responsible for the recruiting, training, and professional development of all the members of this critical practice. Before assuming this role, Ms. Tomlin held numerous positions at IBM including Defense Agencies Account Leader for Acquisition and Logistics.

Ms. Tomlin received one of *Consulting Magazine's* 2009, Women Leaders in Consulting Achievement Awards for **Client Service**. This honor is bestowed to a consultant who has distinguished him or herself in the area of client satisfaction.

Ms. Tomlin has a passion for supporting and fostering development opportunities for women and she was a founding member of the IBM Public Sector and the Supply Chain Management Women's Networking Group.

Education:

Masters of Science – Information Technology, University of Virginia

Bachelor of Science – Social Work, James Madison University
