CHAPTER 3

SELECTION BOARD AND ASSIGNMENT

1. Selection Board

   a. CMDCM and CMDCS selection boards will convene annually. The board will review and select the best qualified applicants for assignment into the CSEL program. There will be no quotas by rating, but manning constraints in some ratings may delay assignments of some individuals selected until after the following E-8 and E-9 selection boards and advancement cycle. The selection board must be conducted by NAVPERSCOM, Career Management Department (PERS-4) and will be authorized to select a 24-month quota requirement each year to allow more flexibility and predictability in the assignment process.

   b. The board will interview and select from among the applicants the best qualified personnel for assignment into the CSEL program. Manning constraints in some ratings may delay assignment of some individuals selected.

   c. For members not selected by the CMDCM and CMDCS selection process, a new screening board must be conducted and a new review card must be submitted with the application. However, the completed OPNAV 1306/1 will remain effective for 2 years and, if not selected within that timeframe, the OPNAV 1306/1 must be resubmitted in its entirety.

   d. Original completed packages, to include OPNAV 1306/2 Nominative Billet Slate Sheet and all enclosures required by chapter 2, are to be forwarded to the CMDCM or CMDCS detailer electronically for processing and record purposes, by the member.

2. Selection as a CMDCM or CMDCS

   a. Active duty MCPOs selected by a board for the CSEL program will have their ratings changed to CMDCM upon successful completion of the CMDCM and COB course when NEC 9580 is awarded. Active duty SCPOs selected by a board for the CSEL program will have their ratings changed to CMDCS upon selection. Individuals selected as CMDCM or CMDCS will be closed-loop detailed by NAVPERSCOM (PERS-40FF) or NAVPERSCOM (PERS-4012C) (for Reserve
Sailors) and utilized, as appropriate, for assignments as a CSEL. During the assignment process, appropriate factors, such as individual community manning, waiver of tour requirements, etc., will be taken into consideration to ensure the most efficient and responsible assignments are achieved with minimal impact to the manning of an individual rating.

b. Those MCPOs and SCPOs who are board-selected will not normally be detailed to CMDCM or CMDCS billets until they have served a minimum of 24 months on board their current command. In those extreme circumstances where members have not completed 24 months at their current duty station, the Service member must receive approval by their commander or CO utilizing NAVPERS 1070/613.

c. FTS and SELRES MCPOs and SCPOs selected to CMDCM or CMDCS must maintain their source ratings. Assignment of FTS and SELRES CMDCMs and CMDCSs to active duty CMDCM or CMDCS billets or vice versa will be considered on a case-by-case basis. These assignments will be dependent upon the current health of each community. Requests for assignment to these billets must be made through NAVPERSCOM (PERS-40FF) and NAVPERSCOM (PERS-4012C).

3. Assignment as Primary Duty CMDCM, COB, and CMDCS

The SEA portion may be done through Service-equivalent institutions, including the United States Air Force Senior Non-Commissioned Officer Academy, United States Marine Corps Senior Enlisted Professional Military Education Course, and the Joint Special Operations Forces SEA; however, regardless of SEA location, the CMDCM, COB, and CMDCS course is still required. Operational waivers may be granted on a case-by-case basis via the applicable tier I or tier II CSEL and approved by MCPON.

   c. Individuals assigned as primary duty CMDCMs or CMDCSs are required to become warfare-qualified in the community assigned within 12 months of assuming those duties. FORCMs will monitor
qualifications to ensure compliance. Failure to qualify could result in removal from the CSEL program (refer to chapter 8).

d. Initial CMDCM and CMDCS assignments will normally be to sea code 2 or 4, regardless of current duty assignment. Initial CMDCM and CMDCS assignments will be a minimum of 2 years. CMDCMs and CMDCS’ on initial assignment may apply for follow-on positions prior to the 2-year mark, however will not be transferred until they have served 2 years in their first billet.

e. Assignment as a CSEL to an O-6 command is considered a major command billet. It is expected that the FORCM and ISIC CSEL and the CMDCM or CMDCS detailer must work closely with the gaining command to identify a suitable relief for the incumbent.

f. Assignment to a nominative CSEL billet, which is any CSEL assigned to an FO or GO or those designated by the Chief of Naval Personnel (CHNAVPERS), will be determined through the process outlined and contained in appendix A.

4. Nominative Selection Process Overview

a. Twelve months prior to the required fill date, the incumbent CSEL, in coordination with his or her ISIC CSEL, will contact the FO or GO to discuss experience desired in identifying potential relief utilizing the format per appendices B and C.

b. Six to twelve months prior to the required fill date, the incumbent CSEL will work with the CMDCM or CMDCS detailer to coordinate the advertisement outlining the billet opening and billet requirements per appendices B and C.

c. Interested and eligible candidates must provide intent to apply via email to their FORCM via their ISIC CSEL (if applicable) prior to submission of package. FORCM or ISIC CSEL (if applicable) will submit comments to the incumbent CMDCM for inclusion into the OPNAV 1306/2.

d. Interested and eligible candidates will submit electronic packages to incumbent CSEL when billet is announced. Packages will contain only the documents outlined in appendix D.
e. At closing date of acceptance of applicants, incumbent CSEL will work with the CMDCM or CMDCS detailer to build a slate sheet utilizing OPNAV 1306/2. The incumbent CSEL will forward OPNAV 1306/2 with remarks and electronic packages to MCPON’s executive assistant (EA).

f. MCPON’s EA will serve as the centralized point of contact for final compilation and dissemination of all slates to FLTCMs. Following receipt of the OPNAV 1306/2 and packages from MCPON’s EA, FLTCMs will provide remarks and numerical ranking of candidates back to MCPON’s EA for determination of top three candidates. The knowledge, skills, abilities, and experience desired by the prospective FO or GO will be used to evaluate the eligible candidates for selection.

g. MCPON will present the OPNAV 1306/2 with the three recommended candidates and justification for selection to the CHNAVPERS.

h. CHNAVPERS will forward, via email, the top three candidates’ names to the FO or GO for review, interview, and consideration. The incumbent CSEL will maintain candidates’ packages and will submit to the FO or GO once the top three candidates are determined.

i. Deputy Chief of Naval Operations, Manpower, Personnel, Training and Education Fleet (CNO N1) master chief will provide incumbent CSEL with information regarding which candidates are being forwarded for consideration and which candidates have been released from consideration. Incumbent CSEL must notify candidates in both categories so that they may plan their next career decisions accordingly. Incumbent CSEL will not engage or speculate with candidates about specific reasons why they were or were not selected. Incumbent CSEL will also work with the FO or GO to determine appropriate notification plan for final selection. Candidates not selected should seek career development advice from their ISIC or FORCM.

j. Upon completion of interviews, if candidates presented to the FO or GO do not meet the selection criteria as determined by the selecting FO or GO, CHNAVPERS may direct MCPON to provide the next three names on the slate, if available, or reopen the slate to solicit for additional candidates if necessary.
k. Upon official notification of selection, an email will be sent by the CMDCM or CMDCS detailer announcing the results. Selected candidate will work with the CMDCM or CMDCS detailer and the incumbent CSEL to determine reporting date.

l. MCPON’s EA will announce and receive all joint nominative slates. If more than one Navy candidate is presented for screening, MCPON will consult with the FLTLCMs to determine a final selection to be forwarded for interview.

m. For individual augmentee and overseas contingency operation CSEL support assignments, MCPON will oversee the selection process and submit recommendation to NAVPERSCOM (PERS-4) for active duty personnel. Any SELRES requirements must be coordinated with Commander, Navy Reserve Forces Command.

n. Naval Education and Training Command FORCM is responsible for coordinating the Keystone Course and Navy Senior Leadership Course attendee selection. Courses sponsored by National Defense University allot for 10 to 12 Navy students for each Keystone Course. Naval Education and Training Command FORCM is responsible for identification and tracking of CSELs to attend advanced education and training opportunities (e.g., Naval War College, Corporate Business Course, Principled Centered Leadership Course). Candidates must submit applications through their ISIC CSEL.

NOTE: CSELs with approved retirement dates may not apply for nominative billets. Ensure proper consideration is afforded for transition goals plans success attendance and the turnover process.

5. Assignment as CSEA

a. The CO (entitled to wear the command at sea or ashore pin) of a command without a CMDCM, COB, or CMDCS may designate,
in writing, a CSEA to serve as the CSEL from within command resources. In the absence of an MCPO, an SCPO or CPO may be assigned.

b. FO and GO commands are authorized to appoint a collateral-duty CSEA utilizing the guidelines described in subparagraph 5a.

   a. Ensure their activity manpower document reflects the billet title of FLTCM, FORCM, or CMDCM with NEC 9580, or COB with NEC 9579, or CMDCS with NEC 9578, as applicable.

   b. Ensure the assigned CSEL continues to meet screening criteria throughout his or her tour of duty. Failure to maintain screening criteria will result in disqualification as outlined in reference (b), section 1616-010. Additionally, following selection for assignment as a CSEL, commanders and COs must ensure individuals maintain eligibility for assignment and must formally notify NAVPERSCOM, Enlisted Distribution Division (PERS-40) if the selectee becomes ineligible prior to execution of permanent change of station orders, attendance at the SEA, or CMDCM, COB, and CMDCS course.

   c. Ensure primary duty CSELS maintain a current single scope background investigation (SSBI), as required by billet description. Many nominative CSEL billets require active SSBIs. At the discretion of the commander or CO, SSBIs should be requested for CSELS who may be competitive for these nominative positions.

   d. Ensure the assigned CSEL is engaged in the duties and responsibilities outlined within this instruction.
CHAPTER 7

FLEET RESERVE, RETIREMENT, AND HIGH YEAR TENURE

1. CSELs must adhere to the guidelines listed in subparagraphs 1a and 1b for submission of a Fleet Reserve or retirement date, as applicable.

   a. Complete minimum retainability requirement for assignment in the continental United States and Department of Defense tour length for outside the continental United States.

   b. If assigned to a pre-commissioning unit, must complete a tour as specified by the guidelines pertaining to new construction.

2. Prior to submission of requests to transfer to the Fleet Reserve or to retire to NAVPERSCOM, Retirements and Disability Division (PERS-83), coordinate the request with NAVPERSCOM (PERS-40FF) and the ISIC or type commander (TYCOM). CMDCS Fleet Reserve requests must be staffed by the CMDCM or CMDCS detailer with the respective source rating detailer. Navy Reserve primary duty CSELs must coordinate with NAVPERSCOM (PERS-4012C) and submit requests to NAVPERSCOM, Reserve Personnel Management (PERS-9).

3. CSELs are to plan relief timeframes accordingly, taking into consideration attendance at retirement seminars, medical and Department of Veterans Affairs screenings. Additionally, CSELs should plan their retirement date to take into consideration leave and transition time as they near their retirement from active duty.
CHAPTER 8

NEC REMOVAL AND ADMINISTRATIVE REASSIGNMENT

1. Primary duty CSELs, including those en route to their initial assignment or requisite training, are expected to be an example to all enlisted personnel upholding the highest traditions of military service; to be the pinnacle of integrity and trust for seniors and subordinates alike; and must maintain suitability and qualifications, including worldwide assignment eligibility as outlined in this instruction.

NOTE: Subparagraphs 1a through 1f do not apply to collateral-duty SEAs.

a. Any CSEL that is the subject of a substantiated adverse action including, but not limited to, a guilty finding at non-judicial punishment, court-martial, or in civilian criminal court, or an approved detachment for cause, must have his or her rating and NEC 9580, 9579, or 9578 removed.

b. CSELs who have their SEL rating and NEC removed must be referred to Commander, Navy Personnel Command (COMNAVPERSCOM) for forced conversion. If a CSEL who has had his or her SEL rating and NEC removed does not meet the forced conversion eligibility requirements of reference (b), section 1440-010, then commands must initiate administrative separation processing.

c. COMNAVPERSCOM may direct that a CSEL be processed for separation for unsatisfactory performance per section 1910-156 of reference (b) when there are no billets available through the forced conversion process, or for any other applicable separation basis. COMNAVPERSCOM may direct administrative separation processing regardless of whether it was requested by the command and notwithstanding any request for forced conversion.

d. Individuals who do not maintain suitability, qualification, or worldwide assignment per existing guidelines will be issued temporary additional duty orders to their ISIC or TYCOM to await pending outcome of the actions taken per reference (b), section 1616-010.
e. Individuals whose ratings are administratively changed due to adverse action such as a detached for cause, and whose NEC 9580, 9579, or 9578 has been removed, are not authorized to retain the CSEL rating badge, receive SDAP, or wear the command CSEL breast insignia.

f. Individuals whose ratings are administratively changed, or whose NEC 9580, 9579, or 9578 have been removed to support management of closed-loop communities (e.g., SEAL, explosive ordnance disposal, diver, Navy construction battalion (Seabee), special warfare combatant-craft crewman, submarine force, Navy Reserve Force), are authorized to retain the CSEL rating badge and wear of the command CSEL breast insignia.
APPENDIX A

FLAG OFFICER/GENERAL OFFICER (FO/GO) CSEL SELECTION PROCESS

Trigger Point — CSEL Assignment process begins

Slating process affects CSELS assigned to FO/GO. O6 and below commands will be determined by the ISIC CSEL or FORCM and CMDCM/CMDCS detailer with no slating/selection by CO.

Normal progression should be from an O6 command to an O7/O8 command and O7/O8 command to an O9/O10 command. CMDCM/CMDCS detailer database will track every CSEL. This will be used to document experience, performance, desires and special circumstances.

Once board complete, MCPON will present the top three candidates to the CHNAVPERS, who will forward to the FO/GO for selection.

12 Month Point — incumbent CSEL and FO/GO discuss desired qualities of relief

12 Month Point — ISIC CSEL or FORCM discuss relief process

12 Month Point — naval message or email communication sent outlining billets opening within next 12 months

12-6 Month Point — candidates identified and slating process conducted by MCPON

12-6 Month Point — top three candidates presented to CHNAVPERS. CHNAVPERS provides three candidates to FO/GO for selection

9-6 Month Point — naval message or email sent with results of selection

Open dialogue between the FO/GO, incumbent CSEL, as well as the ISIC CSEL or FORCM, that clearly articulates the desired attributes of selected CSEL. This will ensure that the right candidates are identified for consideration. Process should also include conversations regarding schools, leave, etc.

MCPON and FLTCMs will conduct a slating process and discuss/select CSELS for assignment with FOs with input, discussion and vetting through FORCMs. The goal is to have a “pool” of candidates that have been grown and developed.

Vetting will consist of a review to determine if there are any legal issues to consider, verified at the Inspector General level. The following items will also be considered: PRIMS, high year of tenure, medical issues, security clearance and performance
