

FIG 1

TRIESTE II DIVE 3

FIGURE 1 is a mosaic compiled from TRIESTE II photography showing two blades and the tip of a third blade of a seven-blade propeller. The pressure sphere of TRIESTE II is also visible.

FIGURE 2 is a stereo triplicate showing the scratched or abraded area of the visible blade. The sharp edge of the crater over the hub of the propeller is also visible.

FIGURE 3, taken by MIZAR, shows the propeller with attached shaft and several pieces of miscellaneous debris.

ANNOTATIONS

1. Propeller blade
2. Scratched or abraded area
3. Crater edge
4. Propeller shaft
5. TRIESTE II structure
