(b) (6)

It's listed in your spreadsheet on line 14 and line 30. Also, I just noticed the gallon amounts are all whacked. Not sure where those numbers came from. Attached is our original submission to taskers back in March and it shows all apparatus with correct gallon amounts.

(b) (6) can you please make the correction (add vehicles and AFFF amounts and meta-data) your section of the
"Original - Firefighting Foam - Clean Agent Inventory Update 090012016" and return as an attachment.

Thanks (b) (6)

(b) (6),

As requested, see attached.

Also, the "ARFF - AFFF Locations Draft 09012016" spreadsheet does not show our TAU which is in District 1,

Station 16 and our ARFF Foam Tender in District 3, Station 3. Not sure if you needed to include that or not.

Subject: 3M - PFOS AFFF in FD Storage - Request response 9 Sep

Chief, this request applies only to those Regions with PFOS AFFF in storage not in trucks listed in the 1st attachment below.

Short fuse -- request response by 9 Sep to prepare for possible end of year funding.

1. According to our AFFF survey, the ONLY locations with 3M AFFF (PFOS) in "storage" (cans/drums/totes); not in trucks, are listed in the attached spreadsheet (3M - PFOS AFFF in FD Storage).
2. Please confirm whether or not via return email, your Region requires this AFFF to be placed with C6 AFFF or not.
3. Please keep in mind the Ready Reserve AFFF storage requirement should not exceed one full replacement of front line ARFF capacity in the attached spreadsheet (ARFF - AFFF Locations Draft 09012016).
4. I have also attached the original AFFF Survey for you convenience (Original - Firefighting Foam - Clean Agent Inventory Update 090012016).

Thanks for your support, (b) (6)
