Hi (b) (6)

Thank you for your quick review. Could you provide a list of all the installations where you have fire trucks just to make sure we don't miss anything?

Thanks,

(b) (6)

(b) (6)

I reviewed the SOW and it looks good for the "Fire Trucks and Trailers (Mobile Atmospheric Tanks)" section. I do have a question regarding section 3.4, Project Site Locations and Tank Data (Types, and Capacities). I want to clarify that we (Fed Fire) provide fire and emergency services to all military installations on Oahu. As such, we have fire trucks located at Schofield Barracks, Wheeler AAF, K-Bay, and other installations that are not listed under paragraph 3.4. Will it be a problem if each installation where we have a fire truck is not listed? Section 3.4.1 identifies attachments, but I did not see any in the SOW.

Subject: Draft SOW for AFFF Replacement and Disposal Project

Hi (b) (6)

Per our discussion, attached is the draft SOW for the USACE contract we will be using to swap out and replace the AFFF in installed systems at JBPHH and PMRF. Please review the portions pertinent to fire truckers and trailers and let me know if you have any comments/revision by COB this Friday, 1 March.

Thank you for your assistance.

v/r,
