SUBJECT: Class Deviation—Prohibition on Contracting with the Enemy and Access to Contractor and Subcontractor Records in the U.S. Central Command Theater of Operations

Effective immediately, contracting officers shall comply with the policy in this deviation and incorporate the attached clauses in solicitations and contracts with an estimated value of more than $100,000 that are being, or will be, performed in the U.S. Central Command theater of operations.

This class deviation implements statutory provisions of the National Defense Authorization Act for Fiscal Year 2012 (Public Law 112-81) as follows:

These requirements apply to all such contracts that will be awarded on or before December 31, 2014. In addition, to the maximum extent practicable, existing contracts being performed in the U.S. Central Command theater of operations shall be modified bilaterally, in accordance with FAR 1.108, to include the two clauses.

This class deviation implements sections 841 and 842 of the National Defense Authorization Act for Fiscal Year 2012 (NDAA FY 2012)(Public Law 112-81).
Section 841 of the statute provides that the Commander of the U.S. Central Command (CENTCOM), without power of redelegation, authority to identify persons or entities who are actively supporting an insurgency or otherwise actively opposing U.S. or coalition forces in a contingency operation. The CENTCOM Commander may notify, in writing, the head of the contracting activity (HCA) of such identifications and request the HCA to exercise the authority provided in this deviation.

Upon receipt of such identifications and request, the HCA has the authority, without power of redelegation, to—

(1) Restrict the award of contracts that the HCA determines in writing would provide funding, directly or indirectly, to such identified persons or entities;

(2) Terminate for default any contracts when the HCA determines, in writing, that the contractor failed to exercise due diligence to ensure that none of the funds received under the contract are provided, directly or indirectly, to such identified persons or entities; or

(3) Void, in whole or in part, any contract that the HCA determines, in writing, provides funding, directly or indirectly, to such identified persons or entities.

Section 842 of the statute provides DoD with the legal authority to examine the records of the contractor, or any of its subcontractors. This additional examination of records authority is limited to the extent necessary to ensure that funds available under the contract are not—

(1) Subject to extortion or corruption; or

(2) Provided, directly or indirectly, to persons or entities that are actively supporting an insurgency or otherwise actively opposing United States or coalition forces in a contingency operation.

This authority to examine records may be exercised only upon a written determination by the contracting officer, which is based on a finding by the CENTCOM Commander that there is reason to believe that funds available under the contract may have been subject to extortion or corruption or may have been provided, directly or indirectly, to persons or entities that are actively supporting an insurgency or otherwise actively opposing United States or coalition forces in a contingency operation.

This class deviation remains in effect until incorporated in the DFARS or otherwise rescinded. My point of contact is Ms. Kyoung Lee, who may be reached at 571-256-2947, or at Kyoung.Lee@osd.mil.
