DTS & DAU TRAVEL

- DTS up and running for DAU Travel since FY 16; FOC JAN 2017
- eMail is sent via eDACM to each student eligible (based on priority and distance) for travel 45 days prior to the start of the class, to inform them of our transition to DTS and provide instructions
  - Students must respond to the email to inform us if they have a DTS account so that we can add them to our DAU Cross-Org LOA
  - Once student is added, they will receive an email from the DAU Team Lead so that they can start their DTS authorization request
- CRITICALLY IMPORTANT: Students MUST READ our Current Travel procedures and Cross Org documents located on the eDACM site
  - Questions: we will refer them to their local CFM / DTS Manager for DTS assistance – they should read too!
- Travel Reimbursement will be done IAW Navy DAU Travel Policy – it IS different than many commands Policies! AO authorized IAW JTR due to funding source and limits on such use

...name changes or corrections
...formal education history additions, updates or corrections
...experience history additions, updates or corrections

Remember – the eDACM system is only a TOOL, it is not intended to be an official personnel record!
